

Pronto100 Starter Kit

Everything you need to create 200 secure badges

- **All-in-one simplicity** – Everything needed to print professional badges in one complete package: printer, cards, dye film, and Magicard HUB software.
- **Fast & easy badge creation** – Quickly design and print secured badges within minutes using the intuitive Magicard HUB platform.
- **Optimised efficiency** – Print up to 50 cards in one batch with automatic hoppers, saving time and effort.

Product overview

The highly practical **Magicard Pronto100 Starter Kit** provides everything needed to create 200 professional, high-quality ID badges for various applications, including staff, visitors, patients, and students.

Package contents

- 1 x Magicard Pronto100 Printer
- 2 x MD100YMCKO Dye Films (good for 200 prints)
- 200 x CR80 PVC Cards
- Magicard HUB Software Access

With the **Magicard HUB software**, users can start printing secure, full-colour badges immediately upon unboxing. Designed for efficiency and ease, the Pronto100 Starter Kit is the ideal solution for small businesses, schools, and healthcare institutions needing an in-house, cost-effective ID badge printing solution.

How to order:

Magicard order number	Y-number	Brady order number	Description	Region
3100-0001/3SP	Y7095955	323778	Pronto100 Starter Kit	Europe
3100-6001/4SP	Y7095956	323779	NEO100 Starter Kit	NEO-region

Key Features & Benefits

- ✓ **Complete & convenient** – Printer, 200 blank cards, dye film, and software included for a seamless setup.
- ✓ **Ready to print in no time** – No need to source additional components—just unbox, set up, and start printing.
- ✓ **50-card hoppers** – Streamline the process with automated 50-card input and output hoppers, allowing batch printing with minimal supervision.
- ✓ **Boost productivity** – Spend less time managing card loading and more time focusing on operations.
- ✓ **Plug-and-play setup** – Simple installation ensures users can start printing within minutes.
- ✓ **Intuitive software** – Magicard HUB provides an easy-to-use interface for designing and printing custom ID cards.
- ✓ **Compact design** – Small footprint makes it ideal for any workspace.
- ✓ **Built to last** – Engineered for consistent, long-term performance.
- ✓ **Low maintenance** – Easy-to-use cleaning tools ensure peak performance with minimal effort.

Target audience

- **Small business owners** – Cost-effective solution for in-house employee ID badge printing.
- **Schools & universities** – Ideal for student and staff ID cards.
- **Healthcare facilities** – Perfect for visitor and patient badge management.
